

FALL 2007 EDITION

Appetite
Guide

SMALL COMMERCIAL AT ITS BEST

*Write more business with
The Hartford – one of the
industry's biggest small
commercial markets!*

IT'S
OUR
POLICY

Get More of What You're Looking for in *Small Commercial*

At The Hartford, we know how important it is for you to be able to access the information you need quickly and easily. With your needs in mind, we have updated and enhanced our *Appetite Guide*.

When your client needs a fast answer, or if you need to know whether we write a class of business, or when you want to formulate a strategy for pursuing a particular class of business in your territory – use this handy reference guide to give you an overall view of our appetite and what we offer in Small Commercial.

This edition of our *Appetite Guide* provides a high-level snapshot of the business operations The Hartford wants to write. The types of businesses listed are often representative of a number of classes. For example, we mentioned Metal Goods Manufacturing once. In fact, this one business operation includes several class codes. Refer to the online *Sales Guide* to view all available class codes.

Color Codes at a Glance

This edition of our *Appetite Guide* retains the organization you told us is helpful.

1. We have indicated by line of business our interest in a particular type of business, such as Spectrum and Workers' Compensation or Commercial Auto.
2. We have used colored symbols for each business group to give a clear indication of The Hartford's interest in that class. For example:
 - Green means go ahead and submit this business. Green represents both our Targeted and Acceptable business.
 - Yellow is a symbol for our Limited appetite. This business would be accepted on a limited basis.
 - Red, which is rare, means stop. The Hartford is not a market for this class of business.

This eliminates your guesswork in determining whether or not we write all parts of an account and saves you time on the front end of the submission process. Because the class codes are not listed here, please refer to your online Sales Guide for additional classes or in-depth information about particular classes of business.

We hope you will find this *Appetite Guide* useful. **Please note that, while it provides the essence of our marketing focus, it should not be viewed as definitive, since regional and economic conditions vary across the country.**

For more specific eligibility information, please contact your local Hartford Small Commercial Sales Representative or view our online Sales Guide at ebc.thehartford.com.

Select Customer Appetite

This Appetite Guide is organized by major industries. Refer to the key at the bottom of the page to see which symbols represent Targeted, Acceptable, Limited or Not a Market.
